

1. GH Property Management Services Limited are aware that there are instances when our Clients need to contact their Property Manager should an emergency situation arise. To meet this criteria, GH Property Management provide a 24hr telephone service for emergency. Details of this service are published to all our clients and given on our telephone answering service which operates out of office hours.
2. An 'EMERGENCY' is defined as a "sudden state of danger etc; condition needing immediate attention". This can be further clarified as a danger to the property or occupants e.g. burst pipe, flood, fire, gas leak. We operate to provide suitable procedures for 'what to do in the event of an emergency' with all our Clients through assessment and proactive management of our Health and Safety procedure.

Clients should be clear that GH Property Management do not operate an emergency response, but will determine the method for resolution and will work to resolve any imminent danger or immediate threat until a permanent solution can be achieved. Emergencies and response solutions are defined within 3 categories:
